## Midland Waterworks Field Trip

On January 29, a group of 26 students from kindergarten through sixth grade were selected to go on a field trip to the Midland Center for the Arts based on how well they demonstrated the six pillars of Character Counts during the first semester. The students were treated to a “Waterworks” presentation exploring the powerful and precious world of water through hands-on and virtual activities. Our thanks to Ms. Courtright and a large number of parent volunteers for supervising our students on this field trip. A special thank you to Denise Schafer for providing the wonderful pictures of this fun event. *(More photos on p. 4)*

## March is Reading Month

Mrs. Farrell, our Title teacher, has planned a variety of activities to celebrate this very important month. Every Tuesday in March upper elementary students will be paired with younger elementary students to read books together. Mrs. Jan Newman, our former Title teacher, has graciously agreed to return to school as a guest reader. Students will be asked to bring books from home to exchange on March 25. Students are limited to three books to bring in for the Book Exchange, and they must be in good condition. The ever-popular "I Love Reading Man" returns in his pink polyester glory on March 19 to celebrate the fun of reading along with his Old Time Radio Show. Johnnie Tuitel and Michelle Bauman Glass are children's book authors making presentations to our students and staff during Reading Month. Mrs. Marci Faber and our cafeteria staff will also celebrate Dr. Seuss' birthday on March 2. More detailed March Reading Month activities are being sent home with students in the March Newsletter. ### freshman sports requires volunteers from the community

The Beal City Athletic Association is looking for volunteers to work the outside concession stand during the Spring Sports season (softball/baseball/track). It is crucial that we have volunteers to run the concession stand during the spring sports season, not only for the convenience of the fans and athletes, but because this year, our profits are lower than past years. With rising costs of supplies and food and loss revenue from not having our last home JV football game, it is more important this year than ever to have the concession stand open. The concession stand profits fund our athletic trainer and freshmen sports, if the concession stand is not earning money, we would not be able to fund these programs.

Did you know the BCAA pays for a meal for any team or individual athlete that makes it to a semi-final or final event? This academic year we have provided meals for the Cross Country runners, Volleyball and Football teams. If history repeats itself, we will definitely be providing more meals for track and baseball. We would love to see other teams added to this list before the end of the academic year.

Anyone willing to give up one afternoon/evening of their Spring to work one event? It takes three to four people (at least one adult) to run the outside stand efficiently. Contact Vicki Steele, [steel1vs@cmich.edu](mailto:steel1vs@cmich.edu) if you could work an event. I have a list of all the dates for the Spring, but they can also be found at [www.bealcityschools.net](http://www.bealcityschools.net) under the event calendar section.

Cost is \$20.00 for youth and includes a t-shirt

A registration form will be handed out at a later date

# REPORT to PARENTS

## The Rewards of Reading

You know how important it is to read to your children. Children whose families read with them do better in school. And the bonds that you make with your children when you read with them help them feel loved, comforted, and secure. Like most families, you want to read with your children, but somehow days can go by without you sitting down with them and opening a book.

The key is to make it a priority. Here are several suggestions to help your children improve their reading skills.

**Fifteen minutes a day can change their lives.** You may be surprised to know that educators recommend just 15 minutes a day of reading, as a minimum. Like exercise, of course, longer sessions are even more beneficial.

Always have a book on hand, no matter where you are. Keep a small book in your purse or your car's glove compartment. Or have a picture book or two in the baby's stroller. Make sure that you and your children always have something to read when time is available.

**Focus on their interests.** Reading with you should be for pleasure, so get books from the school or public library that feature characters or topics they're really interested in. It doesn't matter if they're reading a book about NASCAR or NASA—either way, they're reading!

**Ask them questions while you're reading.** Everyone is a better "listener" when they know they're going to be asked questions about what they're listening to. Don't make it a test, but do keep their interest going by asking them stories about what's being read. Get their brains working. Don't just ask

who the characters are. Instead, ask questions like "Why do you think he did that?" "What would you do if you were in that situation?," or "What do you think will happen next?"

**Be a patient listener.** It can be difficult listening to your children struggle while reading. But think how terribly important it is that they succeed. Don't jump in and finish the sentence for them, no matter how slowly they're reading. Instead, encourage their effort and let them see that you're proud they're reading, and not annoyed that it's taking so long.

**Get everyone involved.** The more people who read with your children, the more they'll see that reading is important. Talk with the other adults and older children in your household and let them know that reading with each child is going to be a daily activity, and that you need them to participate.

**But first...Kids make time for a lot of extras in their day.** So do parents. TV shows, computer games, and going online can eat up surprising amounts of time. Read first—before the

computer goes on or their favorite TV show comes on.

**There's something special about owning a book.** Libraries and garage sales offer "well loved" books for sale, often for as little as 25 cents. Keep spare change on hand so you can pick up some great reads for your children when you see a sale. When birthdays or holidays come around, make sure there's always a good book wrapped up and waiting.

Yes, you're busy. Yes, your children are too. But reading with your children really needs to be part of your day, every day. Fifteen minutes a day is a small investment that will generate enormous rewards.
