## **Bullying Awareness Assembly**

The high school life skills class is teaming up with the 'Live Now' anti-bullying program ([www.livenowleadership.com](http://www.livenowleadership.com)) lead by Jason Raitz to present an anti-bullying assembly on April 26th during 4th hour for the 7th – 12th grade students. It's been an exciting partnership between the life skills class and the Live Now program and together, they are developing a few role play scenarios to be incorporated into the assembly. The assembly is going to focus primarily on two forms of bullying: spreading false rumors and cyber bullying. Students will be given practical ways to deal with these types of bullying and will be encouraged to put an end to these forms of bullying. In addition to the assembly, during the month of April there will be facts about bullying in the school announcements and bullying statements read to classes at various time.

## SPONSOR A CAMPER

Spring is coming. What a wonderful feeling! Soon our 4th -6th graders will be heading to Camp Hayo-Went-Ha for an educationally fun filled week. Students participate in many activities that teach history, science, language arts, teamwork, and self-confidence. Some of the favorite activities are Michigan Country, High Ropes, Predator Prey, Survival, Rocks and Minerals, Climbing Wall, Wetlands and Skit Night. Students' days and evenings are packed full of fun, learning, and good food.

It costs \$177 for a child to go to camp. We would love for every student to be able to benefit from this experience. But some families have come onto hard times and find it difficult to pay for camp. That's where you come in. We are looking for people to sponsor campers. A sponsor can pay the full tuition or part of it for a camper. If you would like to sponsor a camper, please fill out the form below and send it into Mayes Elementary.

Thank you so much for your generosity. The experience and memories you are giving a child will last a lifetime.

### ST. JUDE'S MATH-A-THON

This winter, the fourth through sixth grade students had the opportunity to participate in a Math-A-Thon for St. Jude's Children's Research Hospital. Forty-nine students participated raising \$2,669.00. This money helps desperately ill children by funding research and treatments. Nate explains, "We had to get a couple of pledges. Then work on a math book. People seemed happy to help." Morgan thought it was fun and helped kids with their math skills. "It made me feel really good to help children get what they needed." Brett remembers, "The math had some hard and some easy problems. I really liked doing the page with the robot." Bekah says, "My favorite part was raising money for little kids who needed it." Thank you to all the students who participated and the community for supporting them, you really made a difference in a child's life.

### CAFE NIGHT

The first grade students in Mrs. Davis' and Mrs. Maxon's rooms participated in their second CAFÉ Night, and enjoyed a night with their parents reading Dr. Seuss books and learning about the CAFÉ reading strategies. CAFÉ stands for:

C- Comprehension

A - Accuracy

F - Fluency

E - Expanded Vocabulary

The first through sixth grade students in our building have been learning reading strategies from the CAFÉ program. All of the teachers teach the reading strategies the same way, which creates a common vocabulary. This makes learning and remembering the strategies easier for our students. We are excited to have had the opportunity to share the same information with the first grade parents.

Thanks to the PTA, all first grade students who attended the event received a free book.

## Local Storyteller – Visit's Mayes Elementary

Students at Mayes Elementary were honored to have local storyteller, Eileen DeLorenzo, come and share her wonderful stories with them. Ms. DeLorenzo, of Mt. Pleasant, shared numerous stories with the kids. Some were traditional world folktales, while others were contemporary stories, while all of her stories used vivid imagery along with visual props to make each story come alive. Each of her stories also included a positive message for the students to leave with.

The staff and students kicked off reading month with the staff performing two plays based on the play Little Red Riding Hood. The plays were entertaining for all and the students had fun watching their teachers on stage. The students also participated in various activities this month, which included Character Dress Up Day, Wear Your Words Day, and Hat Day. The students also got cozy in their pajamas and read the day away during the Camp Read-A-Thon. One of the highlights of Reading Month was listening to Eileen DeLorenzo, a local storyteller. Eileen spent the day sharing her stories with the students.

Some of the students also had the opportunity to meet Diane Gaw and her “Reading Dog”, Karson. Karson and Diane read stories to the students and the students had an opportunity to ask questions about Karson and to take turns petting him. Students also paired up with students from other classrooms this month as reading buddies. The students read to each other one day a week and also performed reader’s theater plays for their reading buddies. The students also had an opportunity to exchange books with each other during our book exchange.

Another reading month activity was the CAFÉ and Dr. Seuss Night for the first graders and their parents. Students brought their parents to school to read books to them and to have them learn the reading strategies that they are learning about in their classrooms.

The students and staff would like to thank everyone who was involved in Reading Month. We would like to thank the PTA for providing a free bag of popcorn for every student, and snacks and books for the first graders and their parents during CAFÉ Night. We would also like to thank Diane Gaw and Karson for visiting our classrooms, as well as Denise McBride and the guest readers that read to our students. And finally thank you to Eileen DeLorenzo for entertaining us with her wonderful stories.

Dear Community Members

We are writing this letter in regards to the softball and baseball facilities at Beal City High School. As a staff, we take pride in our teams' fields and equipment; however we continually discuss possible areas of improvement that can be made to our athletic facilities.

The community of Beal City has always been a great supporter and valuable resource to our school and athletic teams. We would like to invite community members to have an opportunity to discuss with us how we can make upgrades to the athletic facilities at Beal City High School. We would like to discuss the construction of press boxes for both fields, improvements to our batting cages, fundraising possibilities, and any other ideas that anyone might have.

Our facilities are one of the best in the Central Michigan area, and we would like them even better. We would appreciate it if you would be willing to attend our meeting on Wednesday, April 25th at 7:00 p.m. in the School's Media Center.

Sincerely  
Baseball and Softball Coaching Staff  
Beal City High School Baseball

### **Football Golf Outing**

The 4 person scramble will shotgun start @ 9:00 am with some munchies and coffee before the teams head out to the course to show us all what they've got. The cost will be \$55.00 a person (\$220.00 team) and includes 18 holes with a cart, lunch, door prizes, and a day to just get out and have some FUN! There will be at least 2 flights with 3 places and possibly more depending on the huge response we are counting on. If you would like to be included in this history making day, please feel free to contact Cay Marchiando @ (989) 644-3780 or (989) 289-9932 to register your team.

### **Thank You!**

The Beal City Athletic Department would like to give a huge thank you to the many volunteers that helped out with our Winter Sports Season. We need countless volunteers for Basketball from the bookkeepers to the ticket takers and announcers to the person that runs the clock. We truly appreciate all the time and effort you put into helping not only us but also the kids. It takes the dedication and commitment of a lot of people to run a successful athletic program and without the parents, grandparents, staff and community members it would not be possible. Again, we thank you and look forward to seeing you next year.

## **VOLUNTEERS NEEDED**

The Beal City Sport Boosters, formerly known as the Beal City Athletic Association (BCAA), is made up of community members who have an interest in supporting Beal City Public School students who participate in athletics. We support them by funding sports programs in a number of ways, including purchasing sports equipment and providing meals to teams during playoffs.

Several years ago, the Board of Directors of Beal City Public Schools was faced with tough budget challenges. The school was no longer able to cover the expenses for freshman sports or the athletic trainer. Believing that students benefit from sports by gaining self-confidence, learning to be part of a team, and developing leadership skills and knowing that freshman sports are often the last year many students participate, the BC Sports Boosters stepped forward and funded freshman boys basketball and freshman girls volleyball.

Believing it was also critical to the health and safety of our students to have an athletic trainer that would help minimize the number of sports related injuries, the BC Sports Boosters also stepped forward and began funding the athletic trainer position.

In order to do all of this, the BC Sports Boosters must raise in excess of \$25,000 per year. The main source of funding is the concession stand revenue, which means we must have the stands open as much as possible. This requires the dedication of people who care about the students at Beal City Public Schools.

Scheduling volunteers for the spring sports events is especially hard. Please contact Denise Schafer if you, or a family member, or a neighbor, or a friend is interested in helping in the concession stand this spring. Students can volunteer to earn their community service hours. Denise can be reached at [schafldr@cmich.edu](mailto:schafldr@cmich.edu) or at 774-4373.
