School Board Leaders Honored in January

As citizen leaders, individual school board members face complex and demanding challenges. They are alternately described as having the most important volunteer jobs in the country and facing the toughest challenge in elected American government. Yet school board members are just ordinary citizens with extraordinary dedication to our nation's public schools. All Michigan citizens should recognize the vital contributions of these men and women and the crucial role they play in the education of our children.

Public education is the backbone of American society, and local school boards are deeply rooted in U.S. tradition. It's the foundation on which our democracy was built. Today local school boards continue to do the most important work of their communities-that of educating our youth.

Their job is to establish a vision for the education program, design a structure to achieve that vision, ensure schools are accountable to the community and strongly advocate for continuous improvement in student learning. The job of a school board member is tough, the hours long, and the thanks few and far between. Too often we're quick to criticize school board members without really understanding the complex nature of their decisions. Now's the time to thank them for their untiring efforts.

School board members come from a variety of backgrounds, yet they share a common goal – helping students achieve in school and life. As a state, Michigan has faced many challenges, but the key to a brighter future is a strong public education system.

The month of January marks the annual observance of School Board Recognition Month. This is a time to show our appreciation and begin to better understand how local trustees work together to prepare today's students to be tomorrow's leaders. In January, join with others from throughout our district and state to salute the men and women who provide grassroots governance of public schools.

The men and women serving Beal City Public Schools and their years of service are:

Robert Pasch	11 years
Kari Rojas	8 years
Rod Cole	8 years
Denise McBride	6 years
Jane Finnerty	4 years
Ron Neyer	1 year
Curt Gottschalk	1 year

****Staff Member of the Month****

The Beal City Board of Education, in appreciation of the hard work that is done by all staff members of Beal City Public Schools, would like to honor a staff member each month for their service to the students and community of Beal City. This month's honoree is Marylyn Gross.

Marylyn Gross have been a valuable employee for Beal City Public Schools. Her commitment to the district and community is to be commended. She has brought a sense of unity and structure to the staff and students of Beal City Public Schools. Her presence on a daily basis has filled the school with a positive attitude. We will miss her dearly and wish her the best in her retirement. On a personal note, I will miss her most of all, as she has been with me for going on 20 years. Best of luck Marylyn in your next endeavor. It has been my pleasure to work with someone so professional. Your friend and relative JMJ

Santa's Secret Shop

There were lots of Santa's elves scurrying around the small gym making last minute purchases on December 11th. Students were clutching many lists and checking them twice with the help of our terrific PTA. We appreciate the PTA providing the gift items and volunteers to assist students with making these very special purchases.

Kids Care Drive a Success

For the second year in a row, our Elementary students took part in spreading holiday cheer to the less fortunate in our community. In lieu of exchanging Christmas gifts with classmates, the students collected personal care products. These products were then delivered to the Isabella County Community Food Pantry to be redistributed to families in our area. The response was overwhelming.

HOLIDAY SING PROGRAM IS A HIT!

A capacity crowd filled the Elementary gym for the annual holiday program on Friday, December 12th. Prior to the program, the Elementary school hosted our semi-annual Senior Citizens Reception. Community members were able to warm up with a cup of coffee and enjoy a variety of treats. Our thanks to the PTA for their assistance with setting up, serving, and cleaning up the gym. We also appreciate all the wonderful parents that baked the delicious treats we enjoyed. Our thanks also goes out to Mrs. Amy Sharrar, and the Elementary staff for an outstanding performance! And most of all, we would like to give a big THANK YOU to all of our students for putting on such a wonderful holiday program, showcasing their great musical and acting talents. Great Job Kids!!

MY CHILD'S ACADEMIC SUCCESS

Homework Tips for Parents

- **Make sure your child has a quiet, well-lit place to do homework.**
Avoid having your child do homework with the television on or in places with other distractions, such as people coming and going.
- **Make sure the materials your child needs, such as paper, pencils and a dictionary, are available.**
Ask your child if special materials will be needed for some projects and get them in advance.
- **Help your child with time management.**
Establish a set time each day for doing homework. Don't let your child leave homework until just before bedtime. Think about using a weekend morning or afternoon for working on big projects, especially if the project involves getting together with classmates.
- **Be positive about homework.**
Tell your child how important school is. The attitude you express about homework will be the attitude your child acquires.
- **When your child does homework, you do homework.**
Show your child that the skills they are learning are related to things you do as an adult. If your child is reading, you read too. If your child is doing math, balance your checkbook.
- **When your child asks for help, provide guidance, not answers.**
Giving answers means your child will not learn the material. Too much help teaches your child that when the going gets rough, someone will do the work for him or her.
- **When the teacher asks that you play a role in homework, do it.**
Cooperate with the teacher. It shows your child that the school and home are a team. Follow the directions given by the teacher.
- **If homework is meant to be done by your child alone, stay away.**
Too much parent involvement can prevent homework from having some positive effects. Homework is a great way for kids to develop independent, lifelong learning skills.
- **Stay informed.**
Talk with your child's teacher. Make sure you know the purpose of homework and what your child's class rules are.
- **Help your child figure out what is hard homework and what is easy homework.**
Have your child do the hard work first. This will mean he will be most alert when facing the biggest challenges. Easy material will seem to go fast when fatigue begins to set in.
- **Watch your child for signs of failure and frustration.**
Let your child take a short break if she is having trouble keeping her mind on an assignment.
- **Reward progress in homework.**
If your child has been successful in homework completion and is working hard, celebrate that success with a special event (e.g., pizza, a walk, a trip to the park) to reinforce the positive effort.
