Dear Beal City Public School Aggies,

WE DID IT!

On behalf of the Beal City Public Schools Board of Education, and all of our stakeholders, I would like to express my sincere gratitude to everyone who helped with Tuesday's bond proposal. This was made possible through your direct involvement, insight, support, and hard work. The Bond issue has come to fruition with the voters approving the 2023 Beal City Public Schools Bond at nearly a 2 to 1 ratio. While there is plenty of hard work ahead, now is the time to appreciate all of you who helped guide us to this win for the families and kids we serve at BCPS. Thank you!

As you may know this journey began nearly eighteen months ago. This process included many hours of meetings, research, and planning, with combined effort from our stakeholder groups, consultants, the Beal City Public Schools staff, administration, and school board. The goal was to meet our short and long term needs and provide "something for everyone" in terms of programming, and facilities improvements. The "Aggie Promise" has always been to endeavor to be good stewards of the taxpayer's money, and to only ask for support when there is a need. The overwhelming positive response to this particular ask is just another example of the pride and support we feel every day from our stakeholders. We are very grateful for that support.

The bond will go a long way in providing needed classroom space, additional restrooms, and infrastructure improvements, as well as updating our transportation fleet and technology. The big winners of course are our students who will have secure, updated, and modern facilities in which to learn, perform, and compete. Thank you Beal City Community for your support of our school system.

I look forward to communicating with you regarding next steps and progress. We will be transitioning into the design phase of the bond and there will be plenty of opportunities for Stakeholder input and engagement in the months ahead. Again, my heartfelt thanks to all of you for your contributions to the process.

With "Aggie" Pride,

William C Chilman IV, Superintendent

Beal City Public Schools, Go Aggies!
